My commitment to legendary service provides consistent, high quality support for all clients.

iam
menuka.

About me

I am Menuka Osada Rathnayake. 19 years old. A student and currently doing my higher education. I am a dreamer and a fanatic of all digital things.

Blockchain enthusiast. Cryptocurrency evangelist & trader. Google Developer since 2015. 4 years of experience specializing in front end and back end development. Experienced with many stages of the development cycle for dynamic projects. Having an in-depth knowledge including JAVA, C#, C++, HTML, PHP, MYSQL, CSS, SASS, LESS, JSON, XML, JAVAscript, JQuery. Strong background in management and leadership.

I like to

First of all I love music, Pop indie is my favorite. Love playing football, watching movies and playing video games with my buddies. I spend quite a lot of time in coding cause I love coding, Love traveling and reading books. So you can call me a bookworm. love looking at stars and moon as a selenophile. these things keep me fresh for working environment.
